Krakow (Poland), May 12th – 15th, 2024

The **15th European Symposium on Computational Intelligence and Mathematics will be held in Krakow (Poland).** The philosophy of the symposium is bringing together scientists and engineers working in the field of computational intelligence and connecting areas like smart offices. We invite scientific publications/abstracts **up to six pages**, which may be submitted in PDF via the Easychair system. **The best full papers will be published in an edited Springer volume or in a special issue of an International Journal.**

TOPICS AND SCOPE OF THE CONFERENCE

Aggregation functions; aggregations for extensions of fuzzy sets, data mining and knowledge discovery; formal concept analysis; fuzzy control; fuzzy decision analysis; decision making; optimization and design; fuzzy databases and information retrieval; fuzzy measures and integrals; fuzzy sets and fuzzy logic; general operators in computer science; interval-valued fuzzy sets; knowledge extraction, representation and modeling; learning, adaptive and evolvable fuzzy systems; logic programming; mathematical foundations of fuzzy sets and fuzzy systems; rough set theory, etc.

IMPORTANT DATES

Submission of full papers: **November 29th, 2023**
Notification of acceptance: **February 1st, 2024**
Camera ready copies due: **March 1st, 2024**
Conference: **May 12th–15th, 2024**
